Another big consideration which I don't think we need to share with the community is that we don't have the \$\$ to fund Technical Assistance at SSFL unless DOE or other PRPs is able to fund it. We *can* use special account money to support the contract. Otherwise, R9 Community Involvement has a budget of \$160K annually. We are in the process of determining the best way to match TASC resources with greatest need (e.g. EJ communities that don't have other sources of funding for technical assistance).

David and I had a conference call with Susan regarding our position on the TASC awhile back. She was very much on board with us working through and supporting the State's CI efforts and communication strategy for the site. We discussed the possibility of offering TASC after the State had established its CI efforts and she agreed with the approach (of funneling technical assistance through whatever is established depending on need).

Loren and Dan - See below. Rick B of DTSC is not comfortable with our position on TASC. I am trying to organize a quick call with him and Susan C today sometime. I will let you know the time we land on so others can participate. I will try to explain that we want TASC to be compatible with the State's CI program.

Craig

Yes, we do need to talk. I'm concerned about the position you're putting us in.

Yes.

FYI, I just sent Susan Callery an email requesting that her and I have

15-30 minute call tomorrow. My hope is that EPA and DTSC can get on

the same page regarding the role of TASC under DTSC upcoming CI Program at

SSFL so we can give some good answers to the SSFL CAG folks on Wednesday.

Want to join Susan and I for the pre-call tomorrow ????

Craig

REMINDER: SSFL CAG meeting with EPA regarding TASC technical  
assistance  
requests 7/28 11am  
Please join us for a meeting with EPA on 7/28 (this Wednesday) at  
  
11:00am to discuss this communities' multiple TASC technical  
assistance requests denied by EPA. We look forward to a  
productive  
discussion about the needs and questions that the surrounding  
communities have.  
I'll be sending out conference call access links and call-in #s  
shortly under separate cover.

Thanks,  
Christina
